"Make half your grains whole!"

-New Food Pyramid from USDA

"We ordered the wheat pizza
and it was amazing."

-Beauty's Customer

Did you know that whole wheat is **much healthier** than even enriched refined flour? Inspired by a customer request, our new **100% whole wheat pizzas** are made with a touch of honey and have a thinner crust than our normal pies. The whole grain gives the crust a slightly rough and very pleasant texture, and the flavor is delicious and wholesome. Priced the same as an extra topping.
